

2018 JSSI ENGINE PROGRAM

HOURLY RATES

The **JSSI Essential Program** provides vital maintenance protection for your engines, from shop visits and service bulletins to catastrophic engine failure and foreign object damage. **JSSI Essential LLC** gives you the option to cover scheduled repair and replacement of life-limited components (LLCs), or choose **JSSI Essential+** for labor for routine inspections. All of these features are included in **JSSI Complete**.

YOUR ENGINE PROGRAM

TRANSFERABILITY

Transfer your maintenance reserves to virtually any aircraft, regardless of make or model. No other hourly cost maintenance program gives you this advantage.

GLOBAL SUPPORT

Guaranteed 24/7 access to a dedicated client support team and over 70 experienced technical advisors, who manage more than 8,000 maintenance events each year.

BUYING POWER

With over 4,000 engines enrolled on JSSI programs, when you enroll you become a part of the fleet and instantly realize the financial benefits this global buying power brings to the table.

ENGINE MODEL	TFE731-60-1C

June 22, 2018

This does not represent a formal offer to transfer coverage for any of the assets of the Falcon 900EX SN 066. Subject to terms and conditions of reseller suspension agreement signed on 8th November 2017

2018 JSSI APU PROGRAM

The **JSSI APU Program** provides comprehensive maintenance coverage for the auxiliary power unit (APU). This program covers scheduled and unscheduled events, as well as life-limited components (LLCs). Unlike other APU programs, there is no buy-in requirement through one annual payment. Whether you enroll a new or in-service APU, you receive 100% JSSI coverage from the date of enrollment.

YOUR APU PROGRAM

TRANSFERABILITY

Transfer your maintenance reserves to virtually any aircraft, regardless of make or model. No other hourly cost maintenance program gives you this advantage.

GLOBAL SUPPORT

Guaranteed 24/7 access to a dedicated client support team and over 70 experienced technical advisors, who manage more than 8,000 maintenance events each year.

BUYING POWER

With over 4,000 engines enrolled on JSSI programs, when you enroll you become a part of the fleet and instantly realize the financial benefits this global buying power brings to the table.
